

# Changes to the Oranga Tamariki Act. *How do we respond?*

## Improving Outcomes for Tamariki Māori

*A joint-venture capability development programme of NZCCSS and SSPA*

### ***Tū Rangatira Governance hui***

This hui will explore your responsibilities as chief executives and governance to the changes introduced in July 2019 by the Oranga Tamariki Act 1989, Tiaki Tamariki-Whakamana Whānau, **Section 7AA**.

Section 7AA has changed the Oranga Tamariki contracting landscape. Organisations want their services to assist Māori to achieve improved outcomes. Strategically, organisations will need to demonstrate they are achieving these results in order to maintain contracts with Oranga Tamariki over the medium to long-term.

Come along to connect, share insights and deepen your own understanding of the requirements of section 7AA changes. SSPA and NZCCSS have contracted Haa Partnerships to develop the training programme that will be delivered in your region in May and June.

---

**Benefit from the chance to interact with other leaders in your region and find out how you can commit your organisation to respond to this important change to benefit tamariki Māori.**

---

***Come to the Tū Rangatira Governance hui nearest you.***

Held in Christchurch 31 March, Wellington 1 April, Auckland 2nd April,  
From 4.00pm to 8.00pm (including an evening meal)
